Respected Madam,

We are writing to extend an invitation to your esteemed institution to participate in our upcoming 5-day course as part of the Management Development Program, which will focus on Digital Marketing. The program is scheduled to be conducted from 24th February to 1st March. As we have seen participation of your students in pitching competition, we believe that your students would greatly benefit from this program, and we would be honored to have your students participate.

The course will cover various aspects of digital marketing. Our team of experienced trainers will provide in-depth knowledge on these topics and their practical applications in today's digital world. The program will be conducted in a full state-of-the-art infrastructure ensuring an interactive and engaging learning experience.

By participating in this program, your students will not only gain valuable insights into the world of digital marketing but also develop their critical thinking and problem-solving skills. Additionally, We will provide certification to students from the Ministry of Micro, Small and medium Enterprise on Completion of this course

We are confident that this course will be of immense value to your students and we would be delighted to have your participation. We encourage you to consider sending a group of your students to participate in the program, and we will be happy to provide any further information that you may require.

Thank you for your time and consideration.

Thank you,
Yours sincerely,

Indian Economy online test (Practice test)

Indian Economy online test was conducted in the lab for the students of B.Com(H), B.Com(G), B.Com(CA), B.Com(BA) final year students on 10-05-2022 by the CBC Cell.

Indian Economy online test simulator is a real online exam in which students were questioned. Multiple choice questions based on Indian economy concepts where they were given four options for the question and then proceed to the next question within the given time. Students were given grade after completing the test.

Online Mathematical ability test (Practice test)

Online Mathematical ability practice test was conducted in the IT Lab for the students of BBA IIIrd yr, B.Com (H) IIIrd yr, B.Com (G) IIIrd yr on 08-05-2022 by the CGC Col.

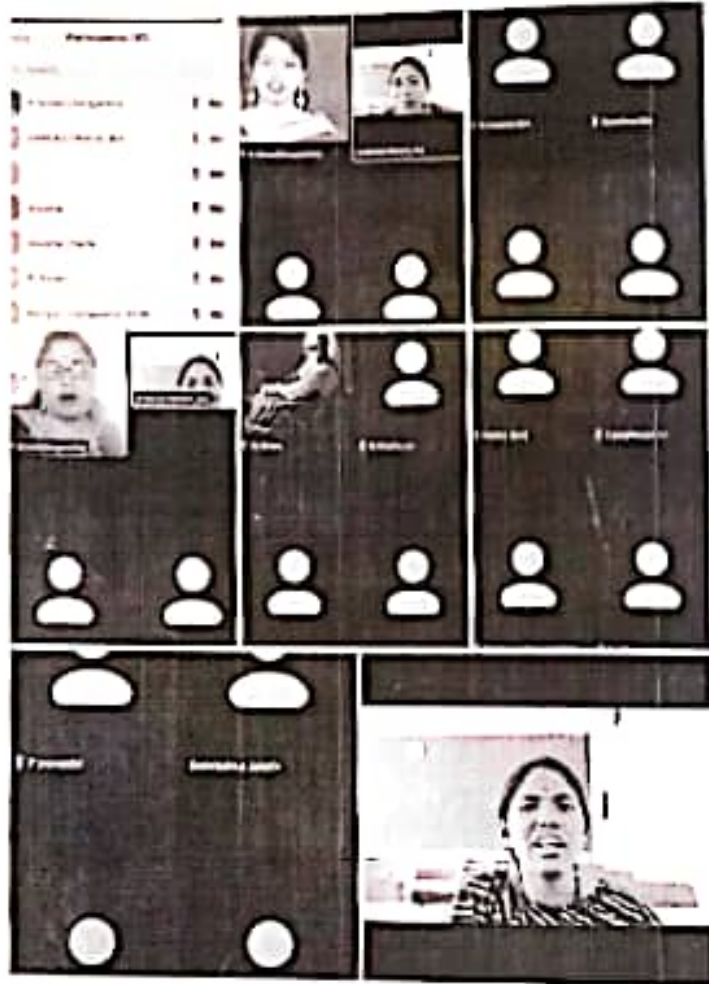

Mathematical ability test is a valuable tool for evaluating a candidate's proficiency in mathematical problem-solving and numerical reasoning and basic math skills are the most common component in different competitive and common entrance exams like ICET, APGET, COET, IBPO, SSCAL etc.

Students actively participated and practiced the test and scores after evaluation were announced to them accordingly.
