ACTION TAKEN REPORT ON FEEDBACK

Based on the extensive feedback collected from the various stakeholder,i.e.students,teachers,employers and alumni ,the authorities have taken the action on key issue rose in the feedback .Accordingly,the action plan has been implemented through the support of management and teachers,year wise summary report is presented below.

AY 2022-2023

The primary findings of the student feedback analysis study indicate that students thought they needed more hands-on experience with professionals in the field .As a result,every weekend the college hosts more industry -focused interactive seminars with corporate delegates.Additionally,a letter asking for the scheduling of placement and career coaching programs at least twice a year was submitted to TASK .Additionally ,in response to student requests,the heads of the relevant departments have added more remedial classes to better prepare the slower learners for tests.

Upon reviewing the feedback report from teachers, a significant number of faculty members recon.mended that the authorities assign staff members to attend refresher courses.

Alumni are also expecting us to increase PG coaching in college level.

AY 2021-22

According to an examination of student feedback, some students have found it challenging to keep up with the topics of Newly added subjects in BA . As a result, the concerned department heads are asked to take action and set up additional classes with a timetable included in the Time-table. moreover the pupils have found it challenging to adjust to the online teaching style . A few of the people who were notified to send the students have encountered technical issues,therefore in order to help the students better understand the subject the faculty has been advised to send soft copies of the notes and materials via emailandwhatsapp groups.

Feedback of teachers revealed that, the teachers have faced technical difficulty with teaching online through free network app such as google meet and zoom .The college has initiated quick resolution through engaging with Microsoft teams and also increases the network bade width to avoid technical glitches
